

KoskiFutura GRP

Multi-use panel with GRP coating

KoskiFutura GRP smooth is strong birch plywood coated with Glassfibre Reinforced Plastic. The durable, smooth surface maintains its original colour over the years even when exposed to changing weather conditions. The coating also provides an easy to clean hygienic surface.

The durable special coating has multiple uses in transport industry. Especially where hygienic and easy to clean solutions required.

KoskiFutura GRP is suitable especially for trailer sidewalls, fishing vessels, boxed and semi trailers, playground equipment and cold storage rooms.

Key benefits

-  Durable, abrasion and moisture resistant
-  Mould, stain and corrosion resistant
-  Good chemical resistance
-  Heat resistant from -40° to $+120^{\circ}$
-  Good adhesion of labels
-  Resistant to UV
-  Brief contact with foodstuffs

ECO-FRIENDLY

SAFETY OF FOOD

EASY TO CLEAN

CHEMICAL RESISTANT

UV-RESISTANT

EASY MACHINING

Technical specifications – KoskiFutura GRP

Base plywood	Koskisen Finnish birch plywood
Bonding	Phenolic resin according to EN 314-2/ class 3 exterior conditions Formaldehyde emission levels of panels fulfil requirements of Class E1 (EN13986), CARB Phase II, ULEF (Ultra Low Emitting Formaldehyde)
Coating	White GRP coating, bright, white RAL 9016, the reverse can be overlaid with various coatings depending upon the final application.
Standard thicknesses	9, 12, 15, 18, 21, 24, 27 and 30 mm
Standard sizes	1220 x 3000/3600 mm 1525/1880 x 3000/3600/4000 mm
Density	Approx 700 kg/m ³
Edge treatment	Acrylic paint against moisture pick up
Wear resistance	Taber value 20 000 R according to EN 438-2
Scratch resistance	Erichsen value 10 N according to EN 318
Machining	Drilling of holes edge machining like T&G, chamfer and rebate on request.
Other data	Detailed technical values can be found in Koskisen's Declaration of Performance (DoP). Please visit koskisen.com/download .

Additional information

Environment

Our raw material, wood is an ecological and renewable material and it stores carbon during its whole life cycle. Koskisen plywood products are manufactured in Finland according to the strictest sustainability principles. Koskisen is a pioneer in the Finnish forest industry in paying attention to the environment and the wood's supply chain is always known in detail. Finnish forests are primarily privately owned and the owners are guided by a strong commitment to long-term forestry and forest cultivation. Yearly, Finnish forests grow more than they are harvested. This guarantees a sustainable and environmentally sound raw material.

Additional information

Wood is a living material and every panel is unique. Therefore a photograph or a sample piece cannot represent a full sized panel as regards colours, shades, figure, knots etc. Please note that a slight colour variation is accepted between panels.

The information, although based on extensive testing, is intended as a guideline only and comes without warranty. We reserve the right to amend specifications without notice. Any defects other than those caused by clearly verified production or service faults by the supplier are the responsibility of the user. Any claim for compensation is limited to the value of the defective panels. The Seller makes no guarantee that the goods are fit for a particular purpose, unless it provides a written declaration of their suitability.
